

A large, menacing figure of Ultron, the artificial intelligence antagonist from the Marvel Cinematic Universe, is shown in a dynamic pose. He is wearing his iconic purple and black vibranium armor, which features intricate, glowing patterns. His right hand is extended forward, palm up, while his left arm is bent. The background is a detailed, futuristic cityscape at night, with numerous skyscrapers and buildings illuminated by city lights. A few flying vehicles are visible in the sky. The entire scene is framed by a thick, gold-colored border.

**WELCOME TO MY  
BIRTHDAY PARTY!**
